

ALAA SANTEHA

FULL STACK DEVELOPER | WEB DEVELOPER

Dedicated and performance-driven Software Engineer with well-developed time management skills. Within numerous projects as a Full Stack Consultant, I offer huge knowledge and proficiency in Node.js, React.js, Angular, NextJs, HTML ,CSS, MySQL, JavaScript, Laravel, AWS and high-level problem-solving skills. I believe that understanding client requirements and communicating the progress of projects are core values in achieving long lasting business relationships.

EXPERIENCE

- DEC 2019 - JAN 2024

FULL STACK DEVELOPER

Alifbee. Istanbul, turkey

* I worked with the team on many web applications and there were many challenges and the team had a very competitive spirit . One of the most important projects we lunched was a project to teach the Arabic language to non-native speakers which has shown great success around the world using different web technologies and platform such as React js, Next js, JavaScript, HTML, CSS, jQuery, Java, bootstrap and styled component.

I have good knowledge to use Postman tools for testing APIs.

* Supporting the analysis of business requirements, design specifications, development, and technical & user documentation of development report with internal teams.

* Building many landing pages support SEO metrics.

* Building web applications to manage the content of the entire curriculums for more than one language and educational institution using Laravel framework which follows the Model-View-Controller (MVC).
- JAN 2018 - JUN 2018
